
New Children's Church Parent Parking

Information regarding children's church

- We will have designated parking spaces reserved for our Children's Church families. These are in the front near the new entrance - this entrance is at the far end of the building. We will have signs to help guide you. There is a parking spot marked off for easy access to the sidewalk leading to the door.
- Manned check in stations will be available in the hallway as you enter the door
- In order to keep traffic down in our small hallway and create a "one way flow", we ask that only one person from your family accompany children, check them in and drop them off to their appropriate class room(s). We also ask that only one person return for pick up following service.
- Our class sizes will be limited for 2 weeks as we resume children's services. Those limits are 4 children in the nursery, 5 children in the 2/3 year old littles room, 6 children in the preschool room, 8 children in each elementary room.
- Once rooms reach capacity, we ask that children simply join you in the main sanctuary for service.
- There will be lots of teachers, ushers, helpers here to make this an easy process for you.

We realize this is about half the capcity of a usual Sunday morning service. It is our best effort to continue to practice safe and healthy environment for everyone who attends. Thank you for your patience as we navigate though this time. We love our kids and cannot wait to see them.
